INTRODUCTION

Congratulations on your purchase of a Fresh Air Focus. It is designed to provide years of trouble-free and low maintenance operation. Be sure to read and follow all service procedures outlined in this owner's manual.

If you have any questions concerning this, or any EcoQuest product, contact your EcoQuest Business Owner.

UNIT FEATURES

At night or in darkened areas, the light sensor will automatically turn on the Fresh Air Focus night light.

INSTALLATION

1. With the switch in Night Light Only, plug the Fresh Air Focus into wall outlet.

2. **Normal Mode:** Adjust to Normal setting using the switch on the side of the unit.

Night Light Only Mode: If desired, the Focus may be set to Night Light Only (air purification function OFF).

Away Mode: The Away Mode setting is for unoccupied spaces that need extra attention.

SPECIFICATIONS

Electrical:

- 120v~60Hz
- 4.5 watts power consumption

Size:

- Dimensions:
4.25" high x 3" wide x 1.75" deep
- Weight: 5.1 oz

Coverage:

- Covers up to 50 ft² (15 m²)**

** Depends on variables such as severity and frequency of pollution, humidity, and temperature.

This equipment has been tested and found to comply with the limits for Industrial, Scientific, and Medical Equipment (ISM), pursuant to Part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the Business Owner or an experienced radio/TV technician for help.

WARNING!

*Do not operate this unit
without the covers installed.*

WARNING!

No user serviceable parts inside.
