RE:FLEX

The muscle and joint discomfort associated with an active lifestyle can be hard to ignore. For relief, try Re:Flex, a proprietary blend of enzymes, powerful herbs, and antioxidants specifically formulated to support muscle and joint health. Re:Flex provides highly concentrated proteolytic enzymes, including bromelain, to support the body's natural anti-inflammatory systems. These enzymes are combined with powerful herbs, like Boswellia, that have been used for centuries in herbal medicine to support the body's natural healing processes. In addition, Re:Flex provides a combination of antioxidant nutrients to help the body fight the free radicals which may be released after an injury or in inflammatory conditions. Re:Flex utilizes the CAeDS® mechanism to insure maximum effectiveness.

INGREDIENT INFORMATION:

- This formula supplies a powerful combination of natural herbs and proteolytic enzymes that support the immune system's natural anti-inflammatory processes.
- A unique combination of antioxidant ingredients - grape seed extract, turmeric, and lycopenes - to provide nutritional support for the body's healing processes and aid recovery.
- Natural, highest quality ingredients.
- Contains no lactose, gluten, MSG, salt, sugar, artificial colors, flavors, sweeteners, or chemical preservatives, additives or fillers.
- Contains no major allergens. (Contains no milk, egg, wheat, soy, peanuts, nuts, corn, fish or shellfish).

TAKE RE:FLEX IF:

- You need extra support for joint and muscle health.
- You plan to participate in strenuous activity.
- You want to recover more quickly from exercise, sports or other physical activities.
- You want to support the body's natural healing processes.
