Size	16 4/5" high x 13" wide x 16 3/5" deep
Weight	25 lbs
Warranty	3 years

This product does not meet California requirements and cannot be shipped to California.

Natural odor and contaminant controlling processes and warm, clean, radiant heat are delivered throughout any room, effectively and conveniently with the safety and security that only comes from SafeHearth.

As ActivePure Technology works to remove odors and "scrub" the environment being heated, SafeHearth's heating plate gently and evenly warms the area, providing comfort and peace of mind during cold nights and chilly days.

The PTC heating element is made from ceramic stone and heats quickly while being energy efficient. It is also durable, providing a longer life for the heating element. Unlike other heaters, Safehearth provides a quiet, even heat that fills the room.

SafeHearth offers an economical way to put safe heating just where it's needed, allowing a lower thermostat setting to help save on heating bills. Add to that a long life-expectancy, low maintenance and features to make it safer for your home, your children and your pets, it's easy to see why SafeHearth is a better choice for personal heating!

Designed for comfort, safety & peace of mind for a smarter, better space heater

- Tip-over safety feature automatically turns off unit if it is knocked over.
- Automatic shut off if the internal components reach a high temperature.
- Soft coating on the grate prevents burns if accidentally touched.
- Runs quieter than standard heaters.
- Energy efficient ECO Mode setting uses 1/3 less power.

- A dual-purpose timer allows you set the heater to automatically start or turn off unit.
- Seven adjustable heat levels allow you to control the temperature in the room.
- Includes an easy to use and clean washable filter and the internal fan is made of metal components for long life.
- Includes a remote control for easy operation.

ABOUT VOLLARA:

You've always heard we are what we eat... NOT TRUE... we are what we ABSORB! Air, water and nutrients are all vital to our health and what we absorb is the key. Vollara technologies offer complete health choices; choices to purify the air you breathe and the surfaces you touch, enrich the water you drink, support your immune system and strengthen your body. Our in-house team works closely with our esteemed Medical & Scientific Advisory Board who tests and researches every component of every technology to ensure we are delivering solid, best-in-class products. Our proven business systems empower people to command their financial footing, to bring security to their lives, to provide for themselves and their loved ones and to help all of us care for this precious planet with which we have been blessed. Welcome to a new way to live healthy. Welcome to Uncompromising Health™ by Vollara.
